GUIDANCE NOTES FOR TENANTS

- 1 It is a Condition of Tenancy that tenants should not keep animals of any kind in their house, without the written approval of the Housing Association.
- 2 All domestic pets should not be allowed to run unleashed or foul in any common area/garden.
- 3 Animals which fall under the dangerous dogs legislation must be properly supervised.
- 4 The Association reserves the right to withdraw permission if the animal is causing nuisance or annoyance.

Under a planned change in the law by the Scottish Government, all dogs in Scotland will need to be microchipped from April 2016, and we will require proof that all dogs living in Association properties have been chipped.

DECLARATION

I/We have read the guidance notes above and declare that the information given on this form is correct. I/We also understand that to give false information or withhold information at any time may result in permission being withheld.
